WHY SAFETYWARE

YOUR ONE STOP SAFETY SOLUTION

We are the only safety solution company in Malaysia that offer safety products, safety technology, EHS training & consultancy, and safety programs, all under one roof. Safetyware's OHSCare is the only comprehensive solution that make your workplace safer, reduces injuries, saves your money and increase your productivity.

DESIGN & DEVELOPMENT

Our in-house product design & development team enables us to offer innovative safety solution which can be tailored to your needs. Equipped with modern R&D laboratories, we conduct research and tests which allow us to continuously improve.

STATE OF THE ART MANUFACTURING

Our factories producing various safety products are equipped with state-of-the-art production machineries which ensure high and constant product quality. All our factories are certified to ISO 9001:2015 QMS standard and are in fully compliance with the local law & regulations in environmental, ethical, labour, and safety standards.

FAST DELIVERY

We maintain a big inventory of products with over 1,500 SKUs in our central warehouse located at a 2-acre site in Penang. This is further supported by our satellite warehouses in various states of Malaysia.

Besides maintaining our own fleet of trucks and van, we have also partnered with established courier company to ensure that products are delivered fast and timely.

CUSTOMER SERVICES

Our friendly & knowledgeable customer service and sales personnel are always there to help. With a team of over 25 professionals stationed in various offices throughout Malaysia, you can be rest assured that our support is always there for you, wherever and whenever you need it.

GLOBAL RECOGNITION

We are an award-winning safety company which has garnered more than 10 international & local awards since inception. Besides that, our products are tested & certified to international & local standards including CE, ANSI, and SIRIM. The wide recognition and acceptance are further evidenced by the fact that our products are sold and used in more than 35 countries throughout the world.
