

PUBLIC ANNOUNCEMENT

PRESS RELEASE

**SAFETYWARE BEING THE FIRST & OFFICIAL DISTRIBUTER OF KOREA'S BLUE INDUSTRIES KF94 MASKS IN MALAYSIA**

**PENANG, NOVEMBER 2021** – Headquartered in Penang – Malaysia, Safetyware Group Berhad has come into an agreement with Korea's Blue Industries to be its first official distributor of KF94 masks in Malaysia.

With the brand tagline of "Responsibility & Care", Safetyware greatly believes that each product offered to its customer must be safe to use and of high quality. The ever-increasing demand for KF94 masks in the market had captured the attention of the company to bring in certified KF94 masks.

Through several discussions with one of Korea's top safety products manufacturers - Blue Industries, Safetyware has decided to bring in the highly demanded KF94 masks approved by the Korean Ministry of Food and Drug Safety.

Commenting on this announcement, Mr Wong Kee Wei, Managing Director of Safetyware Group Berhad said "Our company makes every effort to bring in quality safety and health products from Europe, America, Asia and more countries. However, this is our first collaboration with brands in Korea, and we look forward to bringing in more products soon."

The Blue Industries KF94 mask offers at least 94% filtration effectiveness of 0.4  $\mu\text{m}$  particles per average of particle hazardous substances and infection sources. Comparing to usual 3-ply non-woven face masks that are tested on 3.0 micron of bacterial filtration efficiency (BFE), the KF94 masks offers much effective filtration against the most penetrating particle size which lead to much better protection for the users.

The Blue Industries KF94 masks will be available for orders via our salesperson and online stores like Safetyware's E-shop, Shopee and Lazada.
